Introduction

First Steps

2.1 Projects

2.2 Symbol Groups

2.3 Symbols

Actions

3.1 Web Actions

3.1.1 HTML Element Picker

3.2 REST Actions

3.3 General Actions

Advanced Symbol Management

4.1 Recovering Symbols

4.2 Import and Export

4.3 Revision Handling

Modeling Learning Experiments

5.1 Configuring an Experiment

5.2 Intermediate Results

5.3 Counterexample Handling

Learning Result Analysis

6.1 Statistics

6.2 Compare Results
